**MUSCLE CARS inc**

Resurrection Muscle Cars revolves around a Christian owned and operated car restoration shop led by Vinnie and his team of ex-convicts that make 'car dreams' come true by restoring classics to their former glory. They take wrecked, left-for-dead supercars and muscle cars and accomplish what seems to be the impossible: bringing these totaled vehicles back to life even tougher, sleeker, and faster than before. Vinnie's ragtag group of high octane ex-cons and recovering addicts know a thing or two about being left for dead, but have found a second chance at life with Resurrection Muscle Cars.
